# Don't Worry, They'll Grow!

With each passing year a new class of unique and exciting students enters junior high. They start out with ideas of being shoved in lockers and being given directions to English class that wind up taking them to the vocational building. After their first dances and being involved in extra-curricular activities and Homecoming, everything goes fairly

smoothly and they've gotten an idea of what junior high is really like. The class of '98 started out like any nervous group of 7th graders, but they soon realized how much fun high school is.

# Eager Eighthgraders

The class of 1997 put their "All" into their last year of junior high school. Besides being a very athletic class they are also very intelligent. It was these traits as well as their unstoppable attitude and over-abundant sense

of humor that made the eighth grade class one of the most unforgettable classes in history.

# Funky Freshmen

Being a freshman isn't the easiest thing in the world. Naturally there are insecurities being the youngest of the high schoolers, but the class of '96 handled it. That's not to say there weren't occasional downfalls. There were a few sticky locker incidences-some lucky guy got gum stuck all over his locker, most likely NOT by accident. And aren't you all jealous of the girl with the locker full of

deodorant? (What was the fascination with the lockers?) Hey, I guess they had to keep it interesting! With all that fun and excitement, the freshmen still had time for other important things like sports and academics. They are a class noted for the excellent athletic ability as well as academic success.

# Sophisticated Sophomores

Well, the Sophomore class finally learned how to spell "Sophomore" correctly. They had many challenging tasks to be faced at the beginning of the year. The most scary one being, driving the student mini-van. The big red van may have looked too complicated and technical to drive at first, but when they realized that the gas pedal was on the right and the brake on the left, they breezed through it all with flying colors. The Sophomores

seem to be a smart and competitive class. They really gave the Seniors a run for their money during Homecoming Spirit week — losing to the Seniors in a close race. Among their other various activities were driving teachers crazy and putting fear into the hearts of incoming Freshman.

# Jammie' Juniors

Not only did the Class of '94 lead the school through the Homecoming Skits, they also led in one other category.....the highly prized and cherished No-Movement List. No other class in the school could compete with this amazing and untouchable feat. However, the joking juniors were a great

part of the senior high, ranking just below the superb seniors, and anxiously awaiting their departure so the Class of '94 could take over the reigns of the school.

## *In Control!*

The class of 1993 had always been a little too cool for words, but during their senior year at AHS, they proved just how "In Vogue" they really were. Although the class was full of unique personalities, they really had fun together. It was not unusual to see some of the senior guys walking around flaunting their stylish silk/flannel boxers. There was a time when they really had trouble keeping their pants up. (Hey, don't laugh. It takes a big man to pull his pants down.) Most likely they were just trying to keep their masculine sides firmly intact. That probably wasn't easy when you consider that the senior girls should be given credit for playing a LARGE part in the feminist movement (at least within their class.) The senior girls were definitely a force to be reckoned with when it came to anything even remotely chauvenistic. Despite all their differences, all of the members of the class of 1993 came together during their high school years and even though they all will have no problem succeeding in life after high school, they will never forget the friends they had in each other.

## *In America*

Over the years Augusta has been privileged to have many foreign exchange students attend our school. During the 92-93 school year we were blessed with two friends from Germany — Kerstin Wetzel from Leverkusen and Klaas Raloff from Hamburg. Although they came from the same country, their personalities were quite different. Kerstin joined the basketball team and brought a lot of laughter to every practice. Klaas was always favored above the rest when playing chess with his new friends in the library and attended wrestling practice although his age prohibited him from competition. It was a joy for the AHS student body to have a chance to make a couple new friends and learn about a different culture from Kerstin and Klaas.

## In Our Opinion

The Seniors at AHS were very conscious of the pressing issues of 1993 and we felt it was important to express their opinions on these issues. Here is how they felt:

When asked if they would rather spend \$100 on new shoes or give it to charity, the majority of both male and female participants would rather buy the shoes.

**The majority of both male and female members of the Class of 1993 would rather watch Michael Jordan play basketball than watch the Presidential debates on T.V.**

How would you rate your temper? We asked the seniors to rate theirs using a range of 1 to 5 (cool to hot). The average heat of male tempers is 2.8 and the average female temper scores about a 3.4. We also found out that most of the males polled feel that women have the hottest tempers while the women's votes were split. Now which is the more objective sex?

**Is it more difficult for women to show their anger than men? The men and women of the Class of '93 don't think so. A lot of the women think that women show all their feelings, including anger, more easily than men. Most of the men feel that women have absolutely no problem showing their anger because they can just blame it on PMS. Welcome to the nineties, guys!**

When you think of powerful women, who do you think of? When we asked the seniors that question, here's how they responded: both the males and females agreed that Madonna and Oprah are very powerful and influential women. The females also mentioned Hillary Clinton.

### MOST IMPORTANT ISSUES OF TODAY:

#### MALE:

1. Environment/AIDS
2. Hunger
3. Racism/Economy
4. Drug/Alcohol Abuse

#### FEMALE:

1. Environment
2. AIDS
3. Homelessness/Hunger
4. Racism/Women's Rights

**We asked the seniors to identify who they think is the most powerful man in America. Most people said Bill Clinton, but some of the other responses we got were: their dad, any President, and Mr. Duke.**

**If a woman were running for President, would you be more or less likely to vote for her ticket? Not surprisingly, many of the women polled said they would be more likely to vote for a woman. A few of the women, however, said that gender didn't matter and that they would vote according to the person's platform. Most of the men agreed, although a few would be less likely to vote for a woman.**

# SENIOR TRIVIA

Everyone wants to know all about the spectacular seniors. It's only natural to be at least a little curious about the coolest people in the building. So as a special treat we've conducted a survey to get deep inside the minds of those exciting people to find out their opinions on some very important topics!

Faces in the administration may have been new, but being a veteran seemed to be "In Vogue" for the faculty members. At Augusta High School the average number of years of service was 10.8. So as the students drifted aimlessly through each day, they found it hard to avoid the long-time faculty members who felt compelled for many years to give AHS students the best possible education they could find. Every teacher was known to go the extra mile to ensure that every student was doing the best they could. In their quest to create bright futures for their pupils, they sacrificed time and sleep to provide an education blooming with a colorful array of creativity and an interesting educational experience for everyone.

# Experience Leads The Way

Being successful was nothing new to the Augusta Volleyball team. Once again, the "Animals" brought home a Cloverbelt Conference Championship as they came together to defeat a tough Altoona squad. The girls' experience showed often throughout the season as they rolled over victim after victim. Their fearless and often goofy leaders, Mr. Forseth, Mrs. Gilmore and Mrs. Maenner, kept confidence up and practices exciting. The first day of practice the team found out it would be no ordinary year when the "affirmation of the day" was "We Are Wild Women!" Though a tough defeat came in regional finals, no one will ever forget the talented and very fun-loving squad.

As tradition goes in Augusta, once again the Beaver football team was grid iron tough. The Beavs rolled through the tough conference competition and missed a conference title by no more than two inches against Owen-Withee. After conference play was finished, the Beavs received an opening bid in the playoffs for the seventh consecutive year. St. Croix Central was Augusta's first game and the Mighty Beavs stopped the Panthers in their tracks as they stampeded them 40-6. The next game was not meant to be for the Beavs, however, as they lost a heartbreaker to Elk Mound 26-28. Even though the Beavers didn't claim a state title, memories from the squad will never fade from the hearts of the players and the fans.

# *Jump, Shake Your Booty!*

The cheerleading squads were filled with new faces and led by the old to spread enthusiasm and spirit. From the word of one cheerleader "I was glad we didn't have to plan a parade." Under a new and eager advisor, Karen Clark, the cheerleaders learned new cheers, made sure the athletes got sweets every week, and built umpteen A frames to be broken through. Although the school song was often "messed up" by opponent schools the cheerleaders kept smiles on their faces and spirit in the crowd.

## *Cruising Right Along*

The Beaver X-Country team capped off its sophomore season successfully. At sectionals the boys and girls teams placed 5th and 8th out of seventeen teams. Individually, everyone slashed minutes off their times, as the team finished out with 3 All-Conference runners — Lynn Erickson, Jeff Krueger, and Cale Jacobs. Cale made it to state for the second year, this time finishing 5th out of 87 runners. Just remember one thing about the X-Country team, you had to be a little bit deranged to want to run five miles for fun.

Pic 3: Uncle, Uncle, Uncle!

Pic 4: I said, Let Go!

Once again the Augusta-Osseo-Fairchild wrestlers hit the mats for another intense season of competition. The wrestlers took part in many Saturday tournaments along with weeknight matches. Augusta's Ty Warner was a big winner taking home a number of championships in his weight class. Also wrestling from Augusta was Ben Bills, Brad Bills, Larre Brouhard, Bill Brouhard, Jeremiah Knuth, Klaas Raloff, and Jenny Stensen. There was a unique twist to the traditionally all-male team. Two girls joined the illustrious ranks and proved that you don't have to be a man to throw your weight around.

# Swinging Spring/Summer Sports

**GOLF** For a sport that did not get too much recognition, the Augusta golf team kept on swinging. Jeremy Aspen was a key swinger receiving All Conference. Dale Hubbard also made Honorable Mention All Conference. The team did very well as a whole, taking second at most of their meets which was very good considering there was only one senior to lead the way.

**BASEBALL** Playing games in the hot sun can't be all that fun, but the Augusta Baseball boys made it look like they were having the time of their lives or were they?! Duane Ives led the team in home runs with a whopping four. The real trouble for the team was fielding, which kept them under a .500 season. With youth on their side the team showed a lot of promise for the next hot season.

What else can you say about the girl's basketball team except "They Beat Fall Creek!" After a dry spell in the win column the girls finally came around to beat their biggest rival for the first time since 1984. They also had some other big wins and many close losses to make the season exciting and fun. The team helped to bring back a strong tradition that will certainly be carried on for years to come.

# *In The Ranks!*

The Augusta boys' basketball team went from being a good team to being a great team in one season of hard work. Every week was filled with victories and a lot of excitement that kept up school spirit and pride. The dedicated team had a terrific year and generated enthusiasm throughout the entire community by winning the nailbitters and playing every game the best they could. They managed to get in and stay in the state ranks throughout the season and enjoyed every moment of the well-earned success. The quick team had only four close losses in conference and ended up taking fourth place.

# One Run Away

A tradition of excellence was again sustained as the Augusta Girls' Softball team tallied up yet another successful season. A muddy field moved several games to Osseo, but didn't prevent the fans from coming out in the wind and cold to see the victories and the very few defeats. The need for a heater in the dugout on several occasions didn't stop great play, and brought an interesting twist to the "spring" sport. The team took the conference title and ended their season at sectionals with a loss in extra innings.

# Leaping To New Heights

Once upon a time there was a man and he had a moustache. The man they called Boss Tweed. Mr. Tweed was at the helm of the well-tuned machine known as the Augusta track team. Despite not being extremely successful, individuals improved drastically during the course of the season. One such individual, Chad Kirkham, leaped his way to a gold medal in the high jump and a silver in the long jump at the state meet. Mark Bauch also broke the school triple jump record of over 40 feet. With the great individual effort and youth they should vault into victory in the coming season.

# Teams Show Promise

It was a tough, but very successful season for the young girls! Working hard for Chris and Amy was not a piece of cake, it was a sacrifice. Practice after school and sometimes even on the weekends left the girls tired, but never too tired that they couldn't defeat most of their challengers. All of the players have hopes of stepping into the shoes of those senior bumpers, setters, and most deadly of all — the spikers!!! With lots of dedication, plenty of goals and non-stop work the "Young Animals" should always be ready to "hit" the courts!

# Players Gain Experience

Football has been a long, carried-out tradition at Augusta High. "Start 'em out young" is the motto, and that was what got done. The junior high football team started out a little bit rocky, but came to a calm towards the end of the season. There are sure to be many upcoming players that will be a bonus to varsity in the years to come. With lots of dedication, hard work and plenty of ice packs, all the young guys made it through — one way or another. As tradition carries on and football remains the "in thing to do", junior high will always be on top of it.

Right: Staffers hard at work!

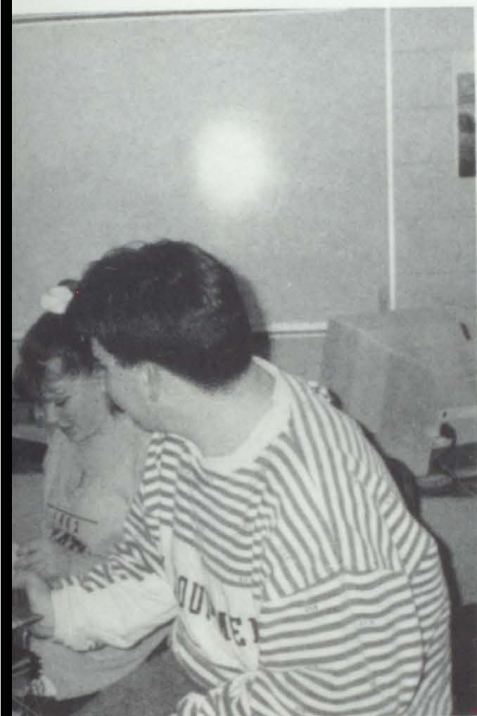

Every Monday night and often many other nights of the week, a group of hard working, dedicated students gathered in the Business Ed. room to slave over a hot computer trying desperately to finish the annual for the masses of yearning students. Many people don't realize just how hard it is to make a yearbook, but the exhausted staffers sure were relieved to see the pages for the last deadline shipped off to Texas. There were a lot of long nights where students stayed for seven hours or more trying to find the exact picture or write the perfect copy. It was worth it, though, when all the hardwork generated one of the best yearbooks in history. Although the photo club was few in number (two), they worked very hard to meet the demands of the hard-driving yearbook staff. Every Monday night they hid away in the dark room and produced hundreds of pictures. (Well, three at least!)

# Sober And Smart

During the 1992-93 school year S.A.D.D. was added to the list of clubs, hoping to heighten awareness of the dangers of drinking and driving and give students alternatives to drinking. It was great to see the huge number of members participating in activities ranging from dances to bowling parties to Red Ribbon Week.

National Honor Society is not new to Augusta, but in recent years the activities the NHS members participated in moved a step up from the traditional baseball game of the past to a professional hockey game. Last year the lucky members were fortunate enough to see the most recorded fights ever in a hockey game. Although this club is based on academic achievements the activities it had involved itself in were not quite scholastic, but none of the members seemed to mind.

# *I Act, Therefore I Am!*

Despite the frigid early morning practices, inches of make-up, and a man playing a woman, the one-act play enjoyed their successful season. They performed the play Baby, starring Cale Jacobs, for many critically acclaimed judges, but fell one "Go" short of a trip to state.

## Speaking Of . . .

It takes a lot of dedication and a person somewhat at ease with public speaking to participate in Forensics. The Forensics team members gave up many Saturdays in order to attend invitationals at area schools. At these invitationals students got a chance to practice their material, make new friends, and may even have won an award for their effort. If they made it past District competition they received the chance to compete at State. The State Meet is held in Madison every year and it's accompanied by an overnight trip that, as always, was a lot of fun. In 1992 thirteen people went to State. They received six gold, two silver, and five bronze medals. Great job Augusta Forensics Team!!!

## In Tune!

As anyone entered the band room door, they were in for a challenging, yet amusing, class. The brisk fall weather brought with it marching band, which the brave Aumanners battled in order to decorate the field with designs. Fall and winter sports enjoyed the enthusiastic pep band as it filled the air with excitement. Each student received the chance to express his or her individual talents at the annual Solo-Ensemble Festival. Throughout the year the concert band made many performances and each left its audience whistling a tune. For most members, band was truly enjoyable.

# In The Lime Light

Swingin' and Singin' to the beat was what the Jazz Band and Swing Choir did as they performed countless jazzy numbers. While not all the music was upbeat most of it got the audience snapping their fingers and tapping their feet. The fun mood made it enjoyable to watch and the "fancy moves" brought smiles to the faces in the crowd. All the hard work and practicing paid off for the members who gave wonderful performances full of jazzy sounds and swinging tempos.

# *A Note Above The Rest!*

What else can you say about a group like this. They started out the year reading the wrong lines, singing the wrong parts, and sometimes not singing at all. The next big tragedy, the Star Spangled Banner: "What do you mean, you're not going to play the piano with us?" Not only did they successfully tackle the Star Spangled Banner (acapella), but also many challenging concerts. They not only began to sing what was written, but made music as well.

## *It's All in the Cross-Examination*

It wasn't exactly L.A. Law, but with a lot of hard work and determination the Mock Trial team prepared for their Regional Tournament. The tournament took place in a real circuit court. Mock Trial resembles an actual trial with both a plaintiff and a defendant side of the story. Not only does a participant need acting skills, but a general understanding of law. There are both lawyer and witness roles to practice.

Lawyers had the thrill of directing and cross examining witnesses, while the witnesses were asked pertinent questions relating to the case. Actual judges determined the winning team by adding up the performance points given to each lawyer and witness. The team with the most points won the trial. The coaches for Mock Trial were Mr. Crowe and Mr. Stutzman. Although Mock Trial was a time consuming extracurricular, it was worthwhile and fun for the hard working students.

# Not Just In the Home

The Augusta FHA-HERO chapter started the school year by selling Tom-Wat products to raise money for various events. In November, the chapter prepared a Thanksgiving dinner for about 15 nursing home residents. The dinner menu was turkey, potatoes, sweet potatoes, gravy, pumpkin pie, punch, and coffee. The members sent a total of 900 Christmas cards for Military Mail Call. This special activity created happiness for men and women in the military. It was used to send cheer to the military and wish them a Merry Christmas and a Happy New Year. For all their hard work, the members were awarded the opportunity to go to the Ice Capades in January.

The FFA's first big project was working to make Farm Progress Days the best ever. FFA students gave the elementary a pre-Farm Progress Day orientation and some gave tours during the one-day event. Three members attended the National FFA Convention in Kansas City during the fall. In June, others attended the State FFA Convention in Green Lake where they received State Farmer awards. The FFA also conducted their annual fruit sale and other fund raisers. The most important was the Corn for Birth Defects. They also did Annual banquets, speech and creed contests. This organization was a very active part of the community doing all they could to support it!

# Young Voices In Action

Being young and inexperienced, Junior High Forensics might seem to be scary, but just ask any 7th or 8th grader who participated in this fun activity and you'll soon realize that it was a great learning experience. Under the direction of Mrs. Sell and Miss Rybak the young readers were able to overcome their fears of stage fright and learned many valuable lessons about speaking in front of an audience.

# Seeking New Horizons

AHS has been run smoothly for years due in part to the student council. During the year they're in charge of events like the homecoming dance and planned our first Winter Carnival. They provided the students with entertainment from the rock band XL early in the school year. They took their annual trip to Telemark and once again took first place in the T-shirt contest with the theme "Seeking New Horizons." Thanks to the student council the 1992-93 school year was another fun one.

# Don't Throw The Charmin!

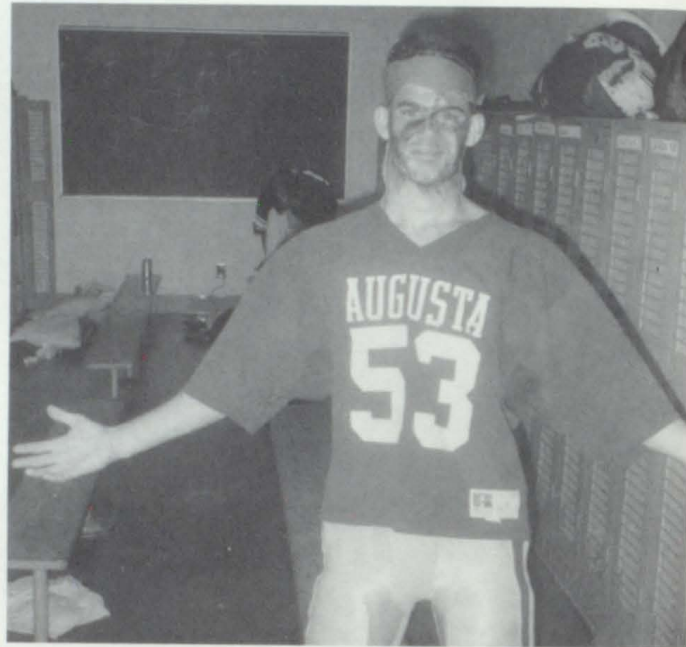

"Life Is A Highway" was the theme of the senior's homecoming hallway, and boy was it a bumpy ride! During dress-up days students gave a whole new interpretation of the word "formal" by replacing the much overrated prom gowns with the stylishly tactful and, let's face it, much more comfortable army fatigues. The bonfire was, uh, well, very explosive, to say the least. We can't print much about the snake dance at this time in order to protect the indentities of the people not presently associated with the term "Juvenile Delinquent." (You know who you are.) All in all, Homecoming '92 was a pretty 'Charming' experience. Toilet paper, anyone?

# 1992 Junior Prom — Showing The Way

Students arrived in their formal attire and strolled down a corridor of royal blue and teal that "showed them the way" to the 1992 Junior Prom. With illuminated balloons, twirled streamers and laid-back promgoers filling the community center, the prom was the "Vogue" place to be.

## MILITARY IN ACTION

Among the many issues facing the new President was the lifting of the ban on gays in the military. This issue was so explosive that one man died and several others were beaten. The world is changing, but how far do Americans want to go?

**X** A new sensation of 1992 was the death of Malcolm X. Director Spike Lee caused a lot of commotion with the new portrayal of the "Black Revolutionist's" life and death. Lee is famous for his different views on what happened in history and what the books say!!!

After being married for over a decade, Prince Charles and Princess Di decided to call it quits. Following hardships of their marriage and rumors of affairs, their separation was announced.

One of President Bush's final commands as Commander in Chief was to send troops in Somalia. There they came to the aid of the poverty stricken country.

March 3, 1991, Rodney King was brutally beaten by white L.A. police officers. But that was only the beginning. What followed is a horrifying and tragic tale of violence, prejudice and hate. Although King never personally testified in court, the videotape clearly showed the rage and hate with which the officers attacked him. Yet, somehow the all-white jury turned out a verdict of not-guilty, which ignited the entire city of L.A. as well as many other cities of the nation. During this dark period of time, the city of L.A. was practically destroyed and many innocent people were violently and senselessly murdered.

# Don't Say Goodbye . . .

Jonathan,  
Congratulations! We are so very proud of what you have accomplished so far. Also, we know that you will accomplish whatever goals you set in the future. You know we're behind you all the way and will be there whenever you need us. Good Luck!!!

get all the help and joy you have  
given me through the years. Con-  
gratulations, and may God Bless  
you always!  
Love,  
Mom

I love you staff. My best to you  
always.  
Mrs. Crossman

Joy,  
All your life I  
said you could  
do it, I knew it;  
you doubted it.  
Now you did it,  
you did it!! Con-  
gratulations.  
Love ya,  
Mom

Always the studious one. . .keep up the good work, Cale.

Love,  
Mom and Dad

It's been a great experience becoming friends with all you guys. I will really miss you and never forget you.

Love, Kerstin-from Germany

Layla,  
Well Rooster, we never thought this time would come, did we? You have always been my best friend no matter what: I know you you always will be. I'm so proud of you, your independence and your strong will. Don't ever lose that (fat chance, huh?!) Good luck at school next year, I have no doubt you'll do great.  
Love ya bunches,  
Mom

Congratulations Klaas, Spanish to Auto mechanics and no German der die dur- a most fruitful year for us all. The Solsrud family learned a few new wrestling holds and a sturdy game of chess. You have become an American student with a grasp of the Augusta High culture, clothes, to student talk. The year of 1993 is your milestone from your Californian language school to the hill country of Augusta-your sisters will be green with envy. And 1994?

Lynn,  
We are very proud of you. You have always made very mature and sensible decisions with your life. We want to wish you a happy, healthy future and much success in whatever you choose to do. Good Luck, best wishes. Love you always,  
Dad and Mom

To the future doctors, teachers, farmers, biologists, secretaries, accountants, mommies and daddies of 1993. It's time to face one of the forks in our road. As a class it was one big race to see who could make the grade and crack the code. We all had our moments of glory and defeat. Everyone had a different version of the story, but we all knew that we could never be beaten. High school was always fun and the memories will never be lost. No matter what we do or where we go, there is one thing we'll always know, tomorrow will be brighter because of us today!!!  
I love ya'll all, Layla

## *Dedication*

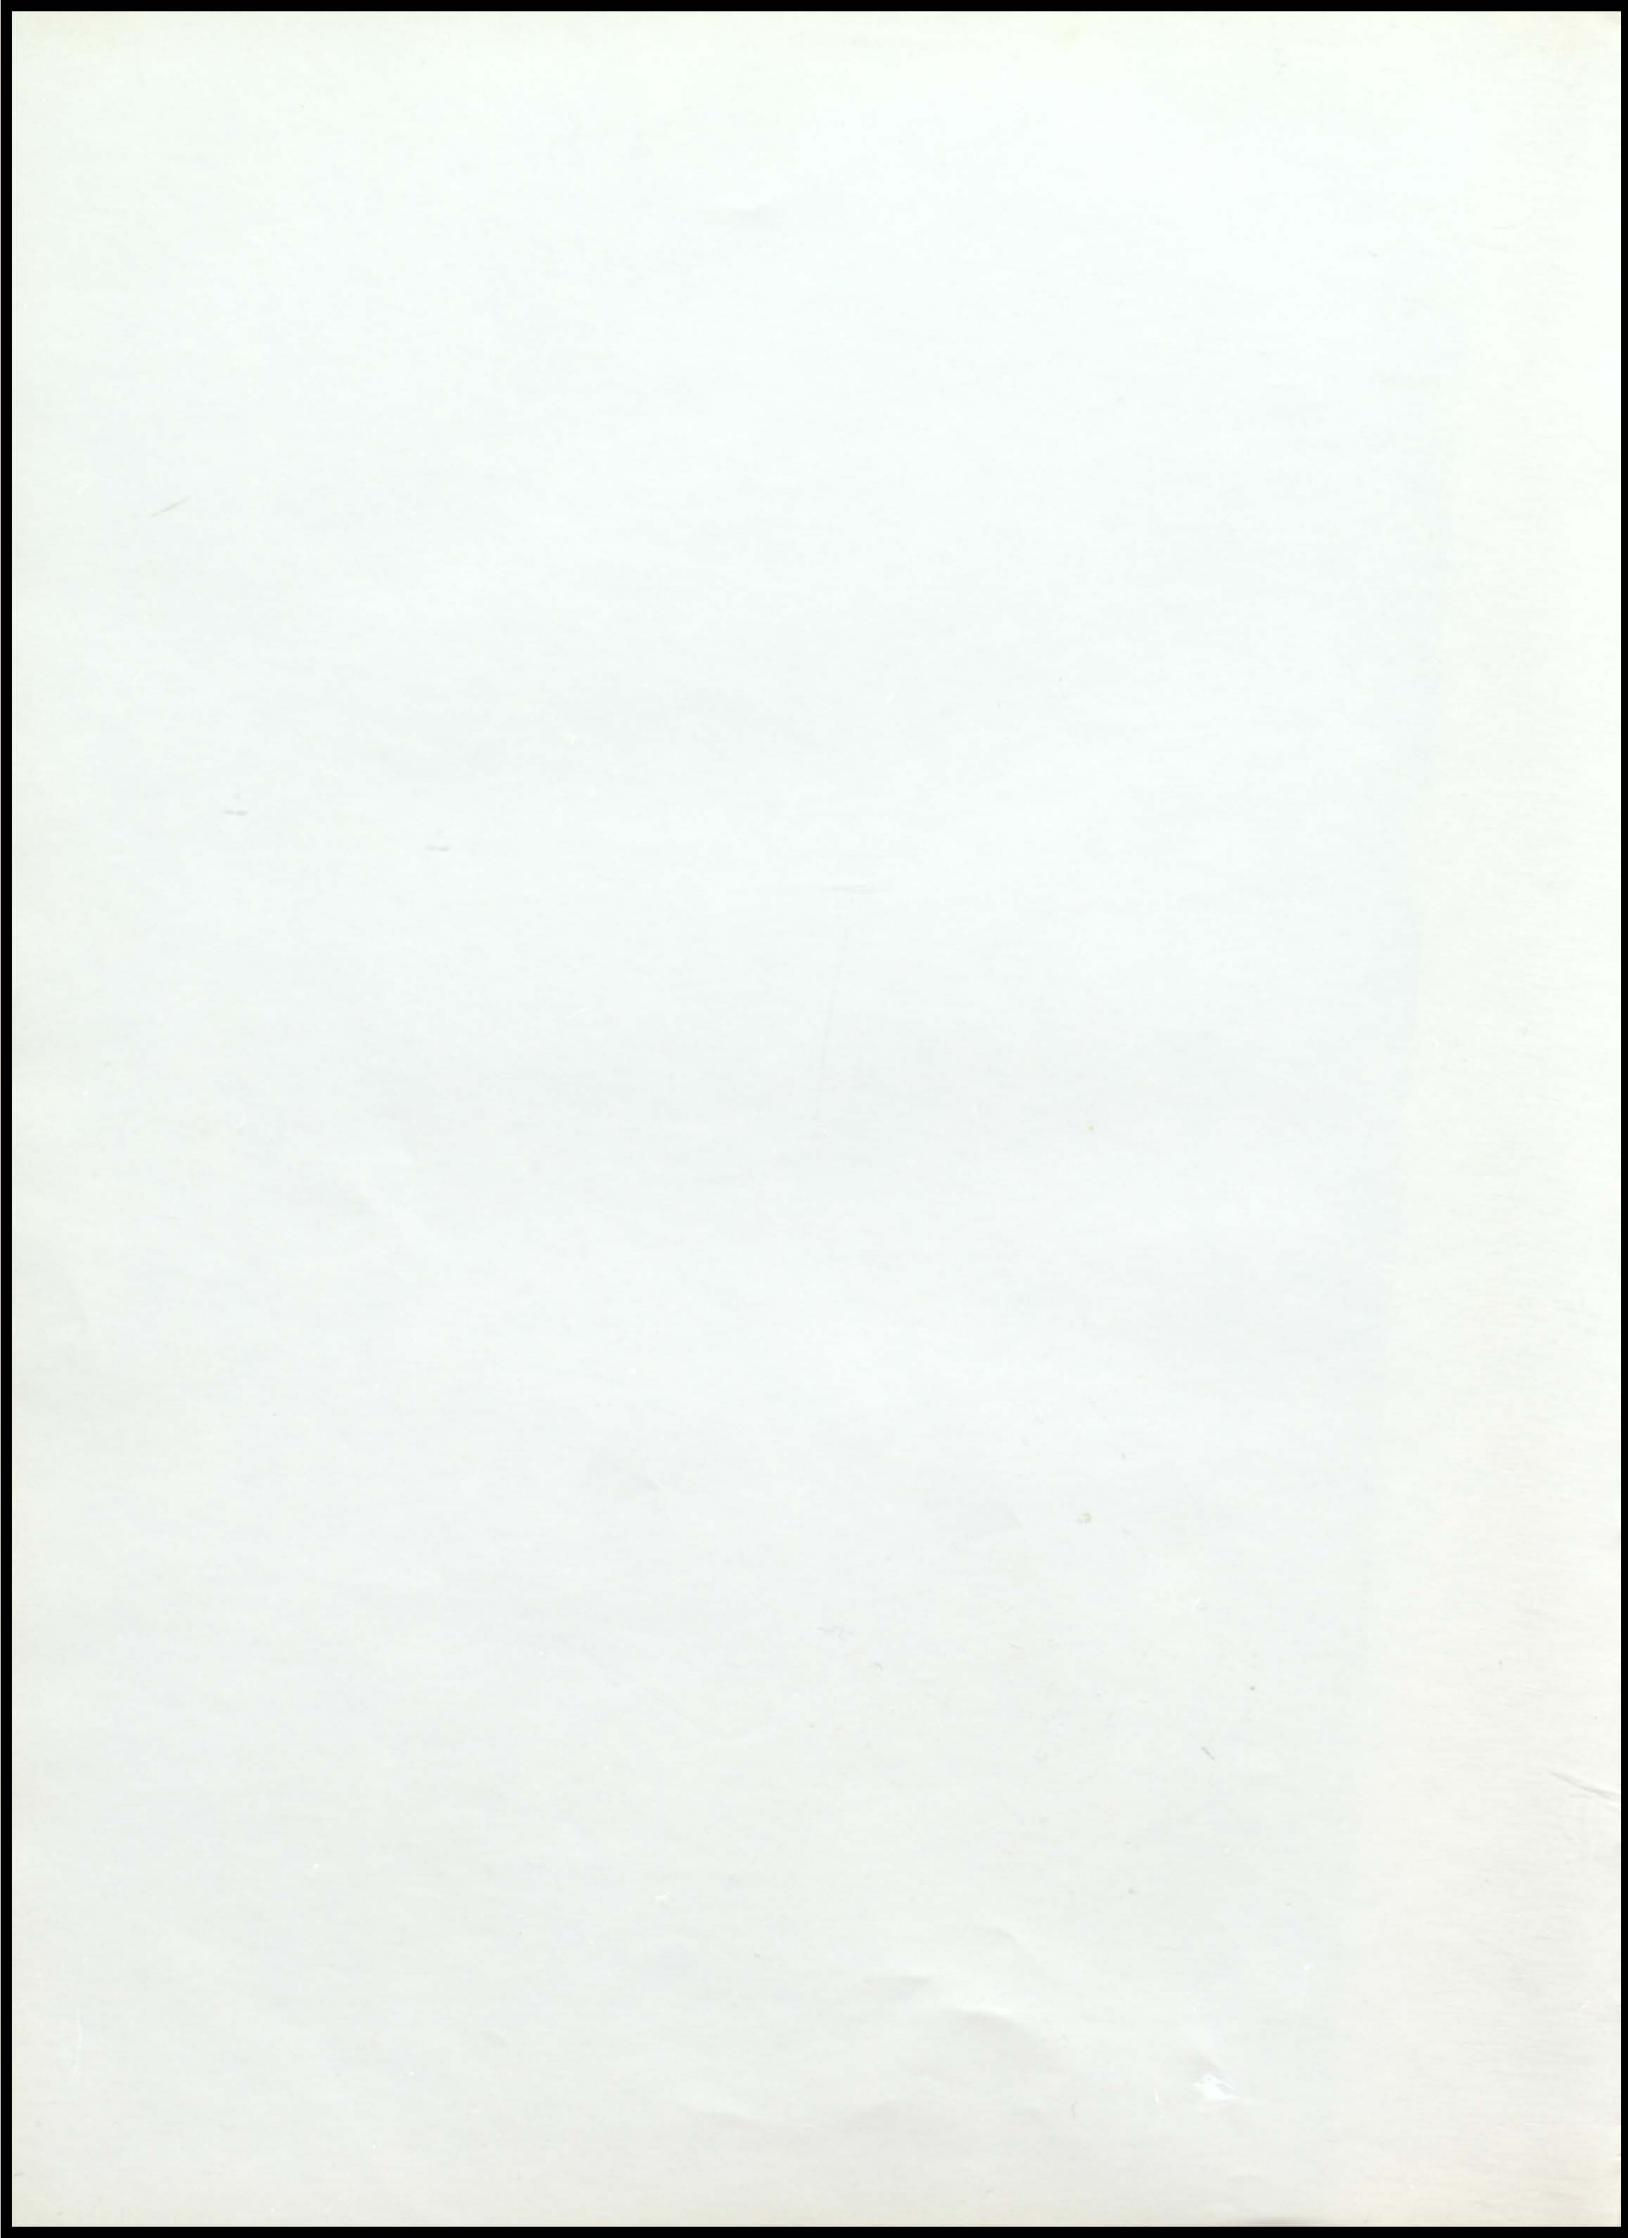

*Jeffery Alan Connett: Jan. 18, 1974 — Nov. 1, 1985*

*This book has been dedicated to a brave friend who made us all laugh, smile, and cry. As fifth graders, death was a reality that came upon us at an early age. Fortunately, the classmate who had to go through this pain taught us all a lesson about life and just how precious it really is. No one will ever forget the bright smile on Jeff's face and the way he made his death easier on us. At such a young age he made a lasting impression that will bond us forever and was more grown up at 11 than any of us ever will be. We will always be grateful to Jeff for giving us a grasp on what it means to be alive.*
